I saw Guitar Romantica at the Association of Fingerstyle Guitarists' annual convention in Orange County, Ca. recently.

WOW!!! Amazing talent there, and Andres and Kent were brilliant. This CD is it!! If you want beautiful music, the blend of styles and sound that is Guitar Romantica will entertain you for a long time.

This CD, of Guitar Romantica is very classy and well composed. May God bless the composers for their very good tunes.

Surely this CD will help the young guitarists to improve their attitude towards playing guitar. Hope in future more CDs of this kind will come in to market.
